Virtual care available 24/7/365

Cigna Healthcare® makes it easier to access fast, trusted, and convenient virtual care from MDLIVE® and a wide range of in-network providers at no extra cost.[1] Whether you have a chronic condition or seek preventive care, virtual visits help avoid delays and support better health outcomes. Available virtual care services include:

- Primary and urgent care for non-emergency needs and checkups
- Specialty care in dermatology, women's health, cardiac health, digestive health, sleep apnea and LGBTQIA+ inclusive care
- Therapies including physical, speech, and musculoskeletal care
- Behavioral health
- Nutrition counseling with registered dietitians for weight loss, diabetes, and more
- Chronic pain management with coordinated care teams

Access care through **myCigna.com**® or the **myCigna**® **app**[2] by selecting "Find Care and Costs" and choosing virtual providers.

1. Cigna Healthcare provides access to virtual care through national telehealth providers as part of your plan. This service is separate from your health plan's network and all services may not be available in all areas; subject to state regulations. Referrals are not required. Video may not be available in all areas or with all providers. Refer to plan documents for complete description of virtual care services and costs. In general, to be covered by your plan, services must be medically necessary and used for the diagnosis or treatment of a covered condition. Not all prescription drugs are covered. Not all services are eligible or may be covered under your specific medical plan. The following services are generally not covered: services that aren't medically necessary; experimental, investigational or unproven services; services for an injury or illness that occurs while working for pay or profit, including services covered by Worker's Compensation benefits; treatment of sexual dysfunction. This is a summary only and the terms of your specific medical plan may vary. All group health insurance policies and health benefit plans contain exclusions and limitations. See your plan materials for costs and details of coverage, including other telehealth/telemedicine benefits that may be available under your specific health plan.
2. The downloading and use of the myCigna App is subject to the terms and conditions of the app and the online store from which it is downloaded. Standard mobile phone carrier and data usage charges apply. Children under age 13 are not permitted to register for a personal profile at myCigna.com.

App/online store terms and mobile phone carrier/data charges apply.

Health assessment

Taking a health assessment is a quick and easy way to learn more about your health today, and to figure out how you can improve your health in the future. After all, when you're healthy, you have the strength and confidence to be your true self. After completing the health assessment, you'll get a personalized summary to help you get started on a path to better health. Share your report with your health care provider at your next visit.

Healthy Rewards

Get discounts on the health products and programs[1] you use every day for:

- Gyms and virtual workouts
- Hearing care
- LASIK eye surgery

Log in to **myCigna.com**® and navigate to Healthy Rewards® to learn more.

1. **Healthy Rewards programs are NOT insurance.** Rather, these programs give a discount on the cost of certain goods and services. The customer must pay the entire discounted cost. Some Healthy Rewards programs are not available in all states and programs may be discontinued at any time. Participating providers are solely responsible for their goods and services.

Biometric screenings

Knowing certain test results will help you and your doctor better understand your health and where you might need to make improvements.

If your employer offers a biometric screening[1] — or during regular check-ups with your doctor — be sure to get the right screenings, and remember your numbers for:

- Blood pressure
- Body mass index (BMI)
- Blood glucose
- Cholesterol

These numbers will also be helpful when you take the health assessment, another great tool to help you manage your health. Always discuss your numbers with your doctor.

1. Biometric screenings may be independently delivered and administered under contracts with third-party providers. Reporting on biometric screenings provided by Cigna Healthcare.

Personal Health Team

Your Personal Health Team is here to give you and your family the personalized support you need to remove barriers to care, and manage your health. You have a team of clinical experts — including nurse case managers, registered dietitians, behavioral professionals, social workers and pharmacists — ready to support your medical needs and your social and emotional well-being.

- Find the care you need and explain your condition, treatment options and medications.
- Help understand your coverage and out-of-pocket costs.
- Provide information about alternatives to costly treatments or procedures.
- Work with your provider to coordinate home health care, therapy or special medical needs.
- Locate community resources and support.
- Prepare you for a hospital stay and a recovery plan for when you leave.

Preventive care

Getting and staying healthy is important. That's why most health plans include coverage for eligible preventive care services at no additional cost to you, when you receive them from a provider who participates in your plan's network.

This means no out-of-pocket costs to you. Covered preventive care services can include, but are not limited to:[1]

- Blood pressure screenings
- Cholesterol screenings
- Diabetes screenings
- Screenings for colon/rectal cancer
- Clinical breast exams
- Pap tests
- Mammograms

1. Plans may vary and not all preventive care services are covered. For example, immunizations for travel are generally not covered. See your plan materials for a complete list of covered preventive care services.

Cigna Health Matters® Care Management

If you're faced with a medical condition, a personal nurse advocate[1] can offer support — at no added cost to you. This support helps coordinate your care and benefits to help you get the right care, at the right time, at the right price. A personal nurse advocate can help you:

- Better understand your condition, treatment options (as identified by your doctor) and medications.
- Understand inpatient and outpatient hospital coverage, in-network benefits, out-of-pocket costs and prescription drug costs.
- Work with your health care providers to manage your overall care plan.
- Coordinate referrals, home care, durable medical equipment, caregiver respite services and more.
- Access resources that go beyond medical treatment, including transportation to appointments, financial assistance programs and other cost-saving opportunities.
- Benefit from one-on-one emotional support.
- Know what to expect and how to prepare if you need to spend time in the hospital or need surgery.
- Get answers to basic questions about your health plan.

1. These health advocates hold current nursing licensure in a minimum of one state, but are not practicing nursing or providing medical advice in any capacity as a health advocate.

Stay in network to save

Visit a dentist in the PPO[1] network to maximize your savings.[2] These dentists have agreed to reduced fees, and you won't get charged more than your expected share of the bill.[3] Find a PPO dentist at **deltadentalins.com**.

If you can't find a PPO dentist, consider a Delta Dental Premier® dentist. These dentists have agreed to set fees and offer another opportunity to save.

Set up an online account

Get information about your plan, check benefits and eligibility information, find a network dentist and more. Sign up for an online account at **deltadentalins.com**.

Check in without an ID card

You don't need a Delta Dental ID card when you visit the dentist. Just provide your name, birth date and enrollee ID or Social Security number. If your family members are covered under your plan, they'll need to provide your information. Prefer to have an ID card? Simply log in to your account to view or print your card.

Coordinate dual coverage

If you're covered under two plans, ask your dental office to include information about both plans with your claim — we'll handle the rest.

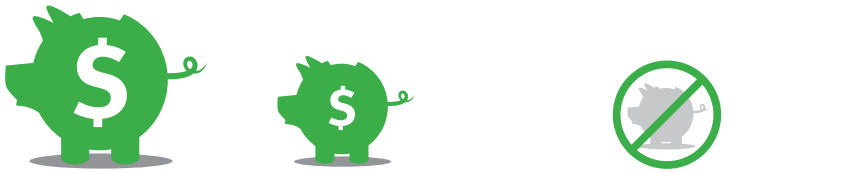

Understand transition of care

Generally, multi-stage procedures are covered under your current plan only if treatment began after your plan's effective date of coverage.[4] Log in to your online account to find this date.

Get LASIK and hearing aid discounts

With access to QualSight and Amplifon Hearing Health Care[5], you can receive significant savings on LASIK procedures and hearing aids. To take advantage of these discounts, call QualSight at **855-248-2020** and Amplifon at **888-779-1429**.

Save with a PPO dentist

PPO PREMIER NON-DELTA DENTAL

[1] In Texas, Delta Dental Insurance Company provides a dental provider organization (DPO) plan

[2] You can still visit any licensed dentist, but your out-of-pocket costs may be higher if you choose a non-PPO dentist. Network dentists are paid contracted fees.

[3] You are responsible for any applicable deductibles, coinsurance, amounts over annual or lifetime maximums and charges for non-covered services. Out-of-network dentists may bill the difference between their usual fee and Delta Dental's maximum contract allowance.

[4] Applies only to procedures covered under your plan. If you began treatment prior to your effective date of coverage, you or your prior carrier is responsible for any costs. Group- and state-specific exceptions may apply. If you are currently undergoing active orthodontic treatment, you may be eligible to continue treatment under Delta Dental PPO. Review your Evidence of Coverage, Summary Plan Description or Group Dental Service Contract for specific details about your plan.

[5] Vision corrective services and Amplifon's hearing health care services are not insured benefits. Delta Dental makes the vision corrective services program and hearing health care services program available to you to provide access to the preferred pricing for LASIK surgery and for hearing aids and other hearing health services.

Frequently Asked Questions

Women's pelvic health therapies

How do I recognize pelvic health symptoms?

Pelvic Pain
Pelvic pain can range from a mild ache to a sharp, persistent discomfort that impacts daily life. Often caused by muscle tension, injury, or conditions like endometriosis, addressing pelvic pain begins with identifying its root cause. The pain may stem from overactive pelvic floor muscles, inflammation, or referred pain from surrounding areas like the hips or lower back.

Postpartum Recovery
Pregnancy and childbirth place significant strain on the pelvic floor. Postpartum, many women experience symptoms like urinary leakage, pelvic pain, or a sense of heaviness. Recovery varies depending on factors such as the type of delivery and any complications.

Bladder and Bowel Issues
Common concerns include urinary incontinence, urgency, or constipation. These issues often arise from poor pelvic floor function or muscle imbalance, and they can significantly impact quality of life.

Aging and Menopause
As women age, hormonal changes, particularly the decline in estrogen during menopause, can affect pelvic health. Tissues lose elasticity, and muscles may weaken, increasing the risk of prolapse, urinary incontinence, and other issues.

Is there truly no cost?

Yes, your employer has partnered with Kaia Health to offer unlimited access to Kaia at no cost to you.

Who developed the program?

Our Doctors of Physical Therapy have completed advanced, specialized training through Herman and Wallace, a recognized leader in pelvic health education.

I also have other joint and muscle pain - is Kaia the right fit?

Yes, Kaia is a complete therapy covering joint and muscle pain. You can work on multiple issues at the same time, or work on different areas throughout the year.

Trustmark Life + Care® Insurance

Take charge of your tomorrow.

A simple way to get both life and long-term care insurance

The need for long-term care (LTC) services can put a strain on families. Yet it can be a challenge to find protection against the rising costs of those services, in the event of an accident, illness or aging. Trustmark Life + Care insurance can be an easy way to buy affordable LTC coverage. It provides a long-term care benefit that's funded by permanent life insurance.

It can happen at any age, to anyone: something goes wrong and you start needing **help with the basics of everyday life**, like eating, dressing or going to the bathroom. When that happens, Trustmark Life + Care® pays **cash benefits** that can help you afford the comfort and quality of care that you desire. Plus, it **doubles as life insurance**, with a death benefit payable to your beneficiaries.

Why Trustmark Life + Care?

1. Two-in-one coverage: get both **permanent life insurance** (death benefit) **and long-term care benefits** for one affordable rate.
2. **Benefits can help with the cost of long-term care** if the time comes, so you can avoid depleting your retirement savings or overburdening family members.
3. Long-term care benefits can help pay for **professional caregiving services**: home health care, assisted living, adult day care and more.
4. Coverage is available to you on a **guaranteed issue basis** – **no medical questions** asked, and you can't be turned down – up to benefit amount limits.1
5. Guaranteed to last a lifetime: once you have coverage and continue to pay your premium, your rate **doesn't increase as you get older.**

Voluntary Benefits

Trustmark
benefits beyond benefits

How Long-term Care Benefits Work

Trustmark Life + Care pays benefits in cash, directly to you, when you **require help with at least two of six activities of daily living** (for example, eating, bathing or dressing) or have a **severe cognitive impairment** (such as Alzheimer's Disease) and receive caregiving services for more than 90 days.[2]

Long-term Care Benefits

When you receive professional caregiving services, you can collect **4% of your death benefit amount per month**, up to two times the face amount of your certificate.

Professional Caregiving benefits example for a $100,000 certificate:

$4,000 per month up to a **$200,000** maximum

Plus, with your Family Caregiving benefit, you can get benefits **when care is provided by a family member or friend** rather than by a professional! For family caregiving, collect **2% of your death benefit per month**, up to two times the face amount of your certificate.

Family Caregiving benefits example for a $100,000 certificate:

$2,000 per month up to a **$200,000** maximum

You can even **switch between family caregiving and professional caregiving** and keep collecting benefits, up to the maximum of twice your certificate's face amount.

Plus, long-term care benefits paid **do not reduce the death benefit**, so a full death benefit is available to your beneficiaries even after you receive long-term care benefits! This can dramatically increase the maximum value of your coverage:

Benefit type	Maximum Amount ($100,000 certificate)
Long-term Care benefits	$200,000
Death benefit (before age 70 or 10th anniversary)	+ $100,000
Total maximum benefit	**= $300,000**

Note: because your condition **does not have to be permanent** to receive benefits, the money you receive can help you recover your independence.

Adjusting to Your Changing Needs

During your working years, you are likely to need the **most life-insurance protection** for those

who depend on you. And later in life, you are **more likely to need long-term care benefits** to help **pay for caregiving services**.

Trustmark Life + Care features a unique benefits structure designed to both address these changing needs and keep your plan affordable. It provides you with the **highest benefits** at the times in your life when you **need them most**:

Age	Maximum Long-term Care Benefits	Death Benefit
Before age 70 *(or 10th anniversary)*	$200,000	$100,000
After age 70 *(or 10th anniversary)*	$200,000	$33,000

The death benefit reduces to 33% at age 70 or your 10th certificate anniversary, whichever is later. However, your **long-term care benefits never reduce** and remain at the same high level into your later years.

Additional Plan Features

Guaranteed Issue – Apply for yourself with **no medical questions asked**, no exams, and no evidence of insurability required. You **can't be turned down** for coverage! (Applies up to benefit amount limits.)[1]

Accidental Death Benefit – If you die due to an accident before age 70, the **death benefit is doubled** for your beneficiaries.

Waiver of Premium – **Waives your premium payments** if your doctor says you're totally disabled before age 70.

Spouse Coverage – Apply for **Trustmark Life + Care coverage for your spouse** (or domestic partner/civil union partner) as well as for yourself. Your spouse's plan will include the same features as yours. (Spouse coverage amount is capped at a portion of employee amount.)

Interim Coverage – Your Life + Care coverage **begins as soon as you apply**, as long as you meet eligibility requirements.

Terminal Illness Benefit – **Advance up to 50%** of your death benefit if you're diagnosed with having less than 24 months to live.

Options to Convert – After you have had coverage for at least 10 years, you may elect to **pay no additional premiums** and **convert your plan** into either Extended Term or Reduced Paid-Up life insurance (death benefit only) . Details will depend on your plan, age, benefit amount and how long you have had coverage.

Portability – Keep your coverage at the same rate and benefits if you change jobs or retire.

You can manage your coverage or easily file online claims 24/7 at TrustmarkVB.com!

Note: if you have previously elected Trustmark life insurance coverage, your existing policy may differ from what is described here.

The accelerated death benefit will terminate with the certificate.*** *The accelerated death benefit for terminal illness is designed with the intent to qualify for favorable tax treatment under Section 101(g) of the Internal Revenue Code.
